

Dear MCS Community,

I am very honored to join the MCS family as the new Director of Advancement.

I am especially thankful for the process to bring me onboard. While I was independently praying for my next career steps, I also knew that Heather and the entire hiring committee were in consistent prayer to find the best person for this role. As they asked the pertinent questions and ensured that I had the appropriate experience, they most importantly laid this decision before God, asking for his direction. Because I know the Lord always works for the good of all of his children, I have great confidence in knowing that I am the right person and Mariners Christian School is the right place for the Lord to do great things!

With over 20 years of marketing and development experience, I look forward to using my skills and abilities to further the mission and core values of Mariners Christian School. Through leading the advancement efforts, my goal is to ensure the continuity, influence, and growth of MCS in order that current and future generations will be blessed through receiving Christ-centered education. My belief is that every student has a great purpose to fulfill. Starting with a firm foundation in Christ, established through the love and guidance of their parents and the care and knowledge of amazing educators, each student is set on a powerful course towards their God-given destiny.

My decision to join Mariners Christian School came from the commitment it has to provide exemplary academics and solid spiritual direction. This is especially critical at this moment in time. I feel privileged that my role and efforts support the ministry of every faculty and staff member as they work so hard to ensure this mission is accomplished. I am also inspired to ensure that MCS continues for decades to come in order to partner with parents in their most challenging task, equipping and launching their children. I am very grateful to be in this position and I am excited to know every member of the MCS family! I will be in touch to keep you informed of future needs and opportunities.

Blessings,
Carla Colaiani
