See Mrs. Wilson's Flyer for Science Camps 3<sup>rd</sup>-5<sup>th</sup> grade

7/9: SPACE EXPLORER DAY: Campers will become astronauts as they explore the galaxy. We will be doing exciting science experiments, creating a lunar lander and baking in a solar oven!

7/16: Fun with Force and Motion: Explore force and motion with race cars, balloons and marbles. Students will create their own race tracks!

7/30: Dinosaur Dig Day! Campers will explore the world of dinosaurs, create and uncover fossils, and make dino footprint cookies.

8/6: Mixology Day: Campers will mix and create dry ice bubbles, make slime, blow 4-dimensional bubbles of various shapes, and mix their own ice-cream concoctions!

Each day will be filled with science experiments, crafts and activities for each theme. Space is limited so reserve your spot early! Please bring a lunch and water bottle each day.

# TK/K ANIMAL ADVENTURE CAMP

Dates: August 2-5 (Monday-Thursday)

Incoming TK and Kindergarten

Time: 9-11:30 Cost: \$ 120

Location: MCS Campus

Campers will be taking a journey around the world as they explore animals and their habitats. They will learn and review letters and sounds through interaction and play. Students will make crafts, play games, and engage in fun activities. This camp is a great way to prep for the new year and make some new friends before school starts.

*This camp is specifically designed for incoming TK and K students who are attending MCS in the fall.*
